About Us

Established in 1990 in Dubai, U.A.E. We are Suppliers and Wholesalers of Building Materials, Bathroom and Kitchen appliances, Electrical items, LED lighting, Sanitary ware, Plumbing equipment and Home improvements products. We have successfully made our mark as the leading provider of construction supplies across UAE for over 30 years, helping our clients reach new heights.

Founded in 1990 by Mr. A K Maklai, we at Albirco take pride in providing unmatched service and top-notch quality. All the projects that we work on, be it small or large, are given their due diligence with every little detail taken care of. Our belief of setting benchmarks in quality and service enables us to help you achieve your dreams; you dream, we enable you to create.

Culture

At Albirco, we firmly believe to stand by our customers with a commitment to excellence. Integrity, Quality, Reliability, Transparency, and Respect are the founding pillars on which we operate. We firmly believe to give our clients nothing less than the best, which has helped build enduring relationships with our clients. It is their faith & trust, that always pushes us to cater to the best. Our team is the soul of our company and it is their dedication and grit that sets us apart from every other competitor in the market.

Retail Division

With the help of our partners and our team, we currently provide a wide range of products to showcase in our showroom. You can find all of our products in our showroom, where our team will assist and guide you through every step of the decision-making process.

Export Division

Over the years, Albirco has managed to create solid relationships with international clients based in GCC (Gulf Corporation Council), Middle East and countries in Africa and Central Asia. We export various products to our clients overseas and in the Middle East to maintain a strong relationship.

Wholesale & Distribution

Albirco is also involved in Business to Business (B2B) Wholesale throughout the country. Albirco has managed to serve numerous clients like Retailers, MEP contractors, Interior fit-out companies, Facility management companies, Maintenance Service Providers and General Contractors.
